PROGRAM BRIEF

In today's tech-driven world, the demand for skilled Cyber Security Professionals is soaring. Safeguarding digital services requires ethical expertise. Deakin's Bachelor of Cyber Security is ACS-accredited. CICRA CAMPUS, the exclusive Sri Lankan partner, offers the pathway program and provides industry placement support. Our Cyber Security degree is the latest academic qualification, offering school leavers an ideal opportunity to enter a rapidly growing industry. Develop key skills to:

1. Strategically address cyber security challenges from technical and organizational perspectives.
2. Acquire a solid understanding of cyber security concepts, industry practices, and preventive measures.
3. Explore digital forensics, watermarking, encryption, and digital rights management.
4. Gain essential technical skills to combat cybercrime and cyber terrorism.
5. Undertake industry-based learning placements as part of the course.
