## PROGRAM BRIEF

The Executive Master of Science Degree in Information Security provides a comprehensive understanding of the entire scope of the information security industry. With a holistic approach covering all aspects of information security, this program develops skilled managers and leaders in the IT sector who possess in-depth knowledge of the information security domain. The program offers a robust curriculum and esteemed faculty, enabling individuals to acquire the necessary credentials to advance their careers. This exclusive program in Sri Lanka equips individuals with the expertise to design, implement, operate, and manage robust information security systems in alignment with policies, regulations, and global standards. Successful completion of the program empowers individuals with the capabilities to excel in the field of information security.
